

Vkládání videí z youtube.com

- pozn. hvězdička v kódu (*) je záměrná chyba z důvodu zobrazení, do normální syntaxe nepatří!!!

How to use

You can display a YouTube movie by setting the 'command' and the 'ID' code. You can align the movie object by using whitespaces before/after brackets.

```
{*{youtube>(command):(ID code)|(title)}}
```

Commands

link Displays a link icon only.

small Displays a small YouTube movie.

large Displays a large YouTube movie.

ID code

You can find the ID code in the YouTube site.

Title

You can define a title of movie by putting on a pipe '|' after ID. It's optional.

Alignment

Use white spaces for alignment of YouTube movie object. Syntax is same as images.

```
default {*{youtube>small:XXXXXX}}
```

```
right {*{ youtube>small:XXXXXX}}
```

```
left {*{youtube>small:XXXXXX }}
```

```
center {*{ youtube>small:XXXXXX }}
```

Example

Wiki syntax

```
{*{youtube>link:Mjj5XWQHUF}} → Creates a link to YouTube
```

```
{*{youtube>small:Mjj5XWQHUF}} → Creates a small movie object.
```

```
{*{youtube>large:Mjj5XWQHUF}} → Creates a large movie object.
```

Alignments (same as image alignment)

```
{*{youtube>small:Mjj5XWQHUF}} → Align to left
```

```
{*{ youtube>link:Mjj5XWQHUF}} → Align to right
```

```
{*{ youtube>link:Mjj5XWQHUF }} → Centering
```
